EXPERIENCE

App Annie, San Francisco — Support Engineer Intern II

June 2018 - September 2018

Supported 700 customers by managing their access lists for App Annie's intelligence suite and by helping clients with product-related issues.

Used HTML/CSS to create and QA over 30 Knowledge Base articles.

Participated in face-to-face, and international virtual meetings to provide a status update to my team members.

App Annie, San Francisco — Support Engineer Intern I

August 2017 - September 2017

Provided 1300 customers support by using client information to give them access to App Annie's intelligence suite.

Learned to use Salesforce, Zendesk, and the basics of SQL and APIs.

UCLA Engineering — MentorSEAS Representative

May 2018 - Present

Mentored a small group of incoming freshmen engineering students.

Organized group events to construct a support system for new students.
